### Science Fair

The East Richland Christian School Local Science Fair will be held on February 7th with 47 students participating in grades 5 through 8. This is a cross-curriculum project that takes place over 9 weeks and culminates with the Local Fair where students are rated by independent judges on the oral presentation of their project, research, and knowledge achieved in either a Scientific Method Project or an Academic Fair Project. All parts of a project are placed into a display format and presented to a set of judges for evaluation along with research information and daily logs. Scientific Method students who are eligible will advance to the District 16 Science Fair on March 18th.

### Faith Walk

Our annual Faith Walk is quickly approaching, and we're very excited to share the light of Christ with our community. We are planning to resume our pre-covid Faith Walk activities at the mall! Stay tuned for more information regarding the Faith Walk event and ways you can be a part of the fun! Please remember that if someone would like to sponsor your student, they can do so easily through the PayPal Donate button on our school website ([www.eastrichland.org](http://www.eastrichland.org)).
